The skill of cooks and kitchen staff is equally as important as the quality of service. Unfortunately traditional tipping has created great disparities in the earnings between service staff and kitchen staff. As an alternative to raising prices, which leads to higher tips, we impliment a 2.9% hospitality provision for non-tipped employees working behind the scenes to provide our kitchen professionals a living wage. If you would like this charge removed, please just ask. We thank you for allowing us to share your generosity with our entire staff.

Societa is a space where your daily routine can be paused and you can partake in a time-honored human tradition. To sit together and share time, food and drink while exchanging ideas, building relationships or, dispensing with the formalities, simply having a good time. Like the melting pot that Sicily is, this restaurant is a place brought to life by the diverse public, our community, our society or, as Sicilians say, *Societa*
